ABOUT ME

I'm eager to jump in wherever I'm needed — bagging groceries, helping customers find what they're looking for, keeping shelves stocked, or gathering carts. My 8 months of volunteer work taught me to show up reliably, work alongside a team, and treat every person — including Spanish speakers — with patience and care. I thrive in a fast-paced environment, follow instructions carefully, ask when I'm unsure, and take pride in keeping things clean and organized. I'm ready to start and ready to learn.

Hungry to learn. Ready to work. On time, every time.
