ABOUT ME

I'm looking for my first job in a supporting, back-of-house, barista (with training), or product/prep role where I can work with my hands and learn the craft. I'm at the gym every morning by 6:30 AM — that same discipline is what I'll bring to your team. I love carpentry and cooking, have a sharp palate, and I'm the teammate you can count on to show up on time and follow through.

Hungry to learn. Ready to work. On time, every time.
